BREAST CANCER FAMILY RETREAT

A free week-long retreat is just what the doctor ordered.

Join us as a property donor as we create a once-in-a-lifetime vacation experience for 10-15 breast cancer families. We believe a cancer diagnosis does not just affect the patient, but the entire family. Every retreat is designed to help families relax and reconnect during the cancer journey. Your home will be used exclusively by 1 family to create an environment that focuses on spending time together.

Retreats are only made possible by a generous group of individuals who donate their HOUSE/TOWNHOUSE/CONDO for a weeklong retreat. For some families, this will be the last vacation they have together. We invite you to go to the Property Donation Link to donate your property. Notify your property management team to reserve the week for the Little Pink Houses of Hope retreat.
